

Just like the Major Leagues, Little League drafts players into the Major Level Teams.

Eligible players (ages 9 to 12) enter a Tryout and are observed by the Managers of the Major teams.

After the Tryout period the Managers conduct a draft and select players to comprise their teams for the coming season.

Once a player is drafted to a Major team he/she remains with that team as long as that player is eligible to play at that level.

Also, 14 year olds can be drafted to a Senior team.
